

Deekshana C S

Tiruchengode, Tamil Nadu, India | +91-9087842931 | deekshanacs8@gmail.com | [LinkedIn](#) | [GitHub](#)

Professional Summary

Final-year AI & ML student with expertise in Machine Learning, Deep Learning, Computer Vision, and Generative AI. Adept at designing and deploying intelligent solutions that address real-world challenges. Recognized for innovation, technical excellence, and leadership through successful project development, research contributions, and competitive achievements. Budding Content Creator and Public Speaker who turns moments in creative conversations.

Education

K. S. Rangasamy College of Technology

Sep 2023 - May 2027

Bachelor of Engineering, Computer Science Engineering (AIML)

- CGPA: 8.99/10.0

Technical Skills

- Languages:** Python, Java.
- Machine Learning & AI:** Deep Learning, NLP, Generative AI.
- Data Science:** Pandas, NumPy, Statistical Analysis, Feature Engineering, Data Visualization, Power BI.
- Full-Stack Development:** Spring Boot, REST APIs, HTML/CSS, JDBC, SQL, Node.js
- Cloud & AI Platforms:** Prompt Engineering, LLM Fine-tuning
- Dev Tools & Automation:** Git, GitHub, VS Code, UiPath (RPA).
- Certifications:** Microsoft Certified: SQL AI Developer Associate, Oracle Fusion AI Agent Studio Foundations Associate, Oracle DevOps Professional, Oracle AI Foundations, Google Cloud Generative AI, Certified Purple Fabric AI Champion, Deloitte Data Analytics

Work Experience

IITM Pravartak Technologies Foundation

March 2026 – Present

AI Research & Development Intern

Remote

- Member of the development team for an IITM Pravartak R&D project; conducted research on Federated Learning and other deeplearning architectures, developed a full-stack application for CHAI.

Certainti.AI, Resdev Solutions

Jul 2025 – Oct 2025

Professional Services Consultant

Remote

- R&D credits and tax calculation

EduSkills Academy (Virtual Internship)

Jul 2025 – Sep 2025

Java Full Stack Developer Intern

Remote

- Completed a 10-week Java full-stack internship covering Spring Boot, REST APIs, front-end integration, JDBC, and relational database management.

Unstop (Formerly Dare2Compete)

2025 – 2026

Campus Ambassador

KSRCT, Tamil Nadu

- Served as official Unstop Campus Ambassador for academic year 2025–26, connecting 400+ students to competitions, scholarships, and career-relevant opportunities.
- Recognised with an Experience Letter from Ankit Aggarwal, Founder & CEO, Unstop, for meaningful campus impact.

Projects

Cholan: AI Agriculture Assistant

- Built a Telegram-based conversational AI assistant for farmers, delivering ML-powered responses to crop and weather-related queries.
- Trained the bot on agriculture-specific datasets to enable context-aware, domain-relevant answers, and designed a simple, guided chat flow to make the tool accessible for users with limited technical literacy improving reach of AI-driven agricultural support in rural communities.

Team Management System

- Full-stack enterprise application with role-based access control, task assignment, performance tracking, and reporting; built using Java Spring Boot REST APIs and a relational database.

SheGuard AI — Women Safety Intelligence Platform

- Real-time image manipulation detection system using computer vision to identify morphed & tampered images.

PaperPilot AI — Research Assistant & Document RAG Chat

- Production-ready assistant that parses and indexes academic papers, slide decks, Word documents, and scanned PDFs using OCR (PaddleOCR) and a local FAISS vector store.
- Delivers live RAG chat with page-level citations, plus auto-generated quizzes, flashcards, and interview-prep questions.

Team Collaborations (Project)

RiverAI Real-Time River Monitoring System

- AI-powered river health monitoring system that integrates IoT sensor streams with deep learning models to detect pollution levels and predict flood risks in real time.

Nexus Pulse Fetal Rhythm Tracking System

- ML-based fetal heart rate monitoring system analyzing cardiotocography signals to flag anomalies and support clinical decision-making.

Built Several Academic and Personal Mini Projects.

Honors and Recognition

- **Global Shortlist** — NASA Space Apps Challenge 2024
- **Published Author & Compiler** — [Hope's Tapestry](#)
- Hosted and managed 50+ technical and cultural events at KSRCT

Leadership, Memberships & Extracurricular Activities

- Secretary, AEVA (AI ML Empowered Visionary Alliance) — Led the student association driving AI/ML workshops, and community events at KSRCT (2025-2026).
- Joint Treasurer, AEVA — Managed association finances, budgeting, and resource allocation for departmental events and programmes (2024-2025).
- Campus Ambassador, KSRCT — Official student representative for institutional outreach and inter-college collaboration initiatives.
- Podcast Creator, The Echo Cup — Hosts and produces original podcast episodes covering AI, technology, and student life; builds an engaged audience through audio storytelling.
- Had an Oppurtunity to be part of “A Day at Microsoft” @Chennai and @Bengaluru.
